**Call and Email script for Senator Equality Act**

I am contacting the Senator because I want my Senator to vote NO on the Equality Act. The First Amendment was not written to just protect the Religious Liberties of the Church but to also protect the religious liberty of every individual. Section 1107 of the Equality Act will deny from every American this essential liberty, regardless of their beliefs. Telling an individual that they have "no claim" of religious rights to challenge a federal law is absolutely contrary to the entire meaning and purpose of the First Amendment. This Act does not set the environment for Equality, it sets the environment for a dictate of inequality of religious liberty. For this reason alone, plus many more, we must oppose the Equality Act and we are asking you to vote NO.

Thank you for your time and public efforts to save our Constitutional Republic.

Sincerely,
